Today's Reverse Mortgage or Home Equity Conversion Mortgages

Tuesday, August 7, 2018 * 10:00am

Come and learn about today's Reverse Mortgages or Home Equity Conversion Mortgages (HECMs). The revamped and regulated Reverse Mortgage is now a very safe and beneficial way for adults aged 62 and older to utilize the equity in their homes for a variety of reasons from modifying their home so they can age in place (ramps, grab bars, main floor bedrooms, etc.); to paying for long term care insurance; to purchasing a new home that better suits their needs!

Our speaker, Julie Melser, has been a licensed mortgage loan originator for over 11 years. Since 2017, she has been focused solely on Reverse Mortgages. This is a free informational seminar. Registration is requested, but not required. Please call Laura at 843-918-1295 or email reference@chapinlibrary.org.

Reference in this seminar to any specific commercial product, process, or service, or the use of any trade, firm or corporation name is for the information and convenience of the public, and does not constitute endorsement, recommendation, or favoring by the Chapin Memorial Library or the City of Myrtle Beach.
